NOTES:

Free Geek Twin Cities welcomes you to the world of recycled hardware and free software!!!

Your Computer comes with and abundance of free software that will allow you to work, play, and use the Internet that is both safe and secure for all your personal and business needs. By using and supporting free software, you help the environment by keeping computers in use after they were retired because they did not work as well with other more commonly used operating systems.

Your Computer is truly an eco-friendly green Computer that was designed with kindness for both you and he Earth. Ubuntu can be used by anyone and everyone; and today it will be used by someone special: YOU!!!

Free Geek Twin Cities is a non-profit, collective community organization of people who care about the Earth and people who live on it. We invite you to join us and not only save the environment, but to also inform other about the benefits of free software and recycling.

Thank you for your support,
Free Geek Twin Cities
